

1 Diagrams for Setting the Capacity

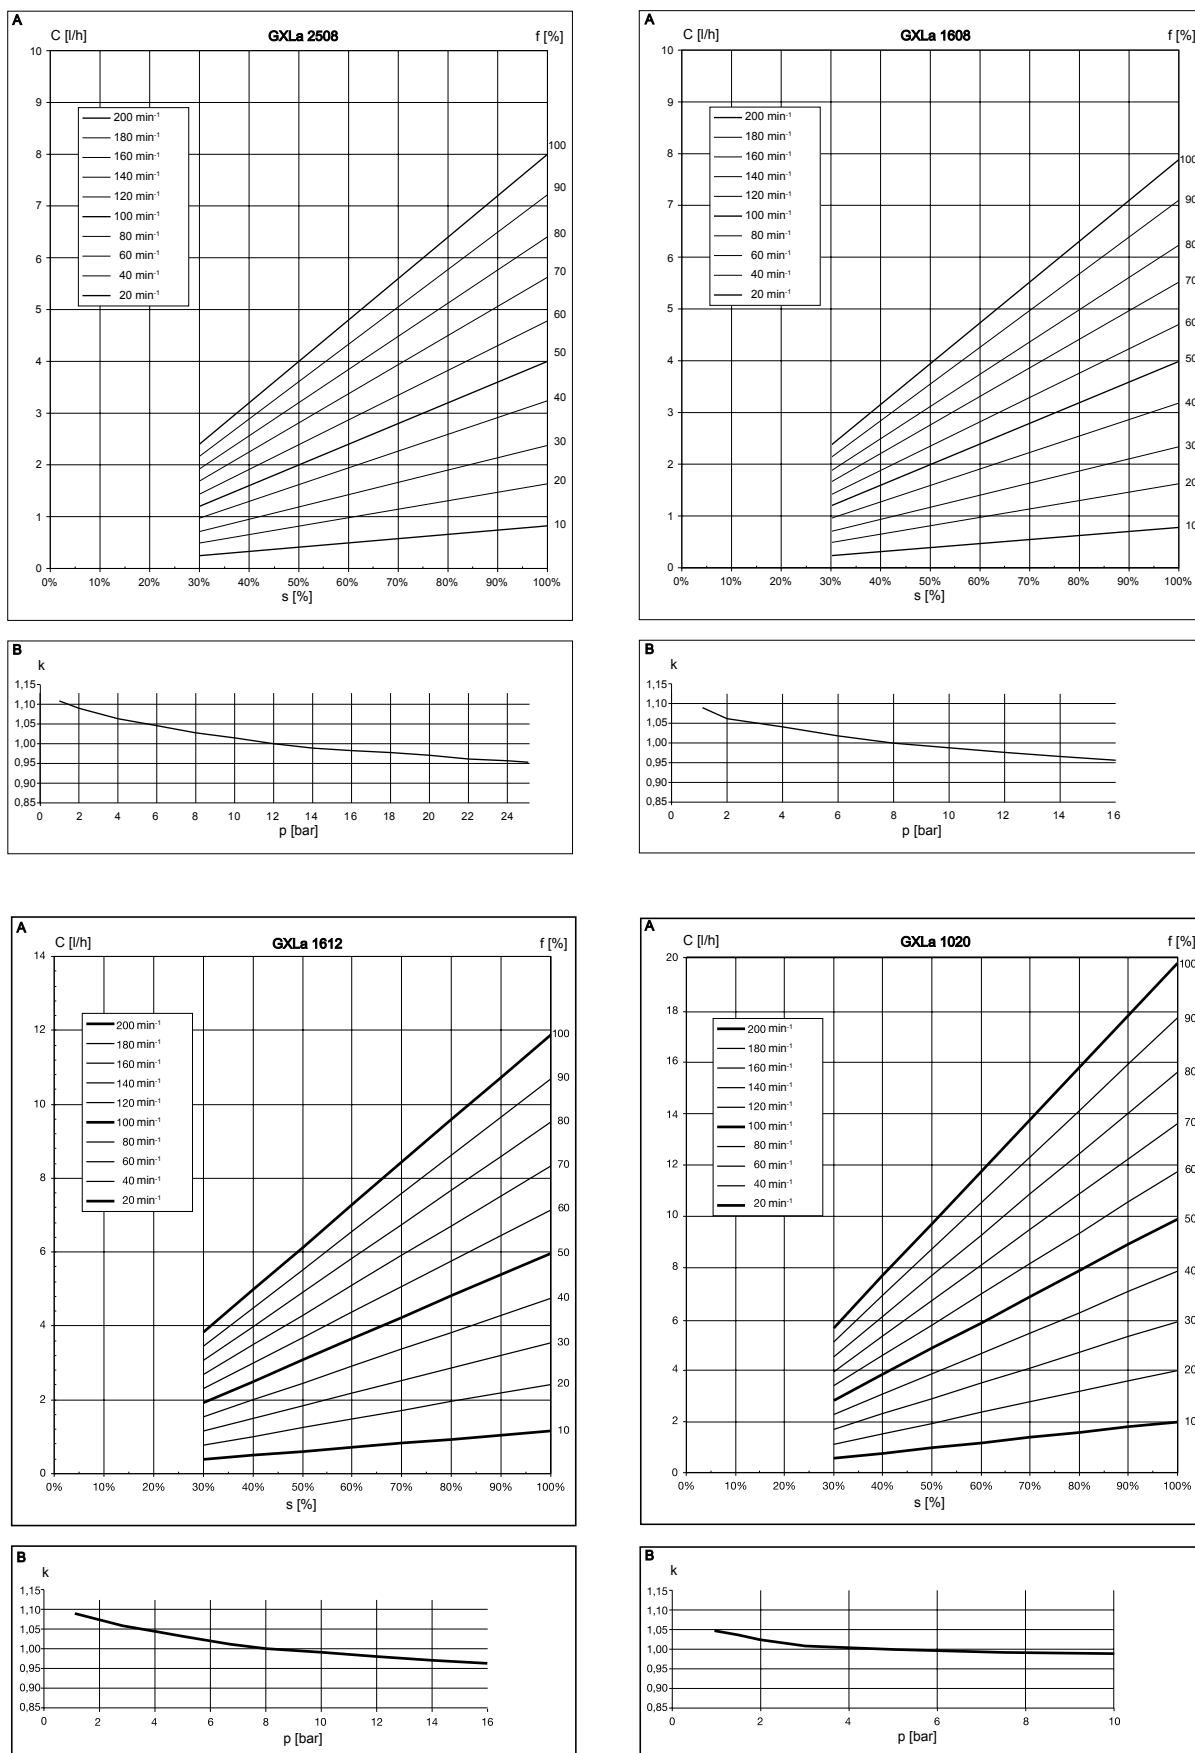

Fig. 1: A) Capacity C at maximum back pressure depending on the stroke length s for different stroke rates f .
 - B) Corresponding correction factors k dependent on back pressure p - at 70 % stroke length, "Automatic"- "Off" and "Compensation"- "Off".

Diagrams for Setting the Capacity

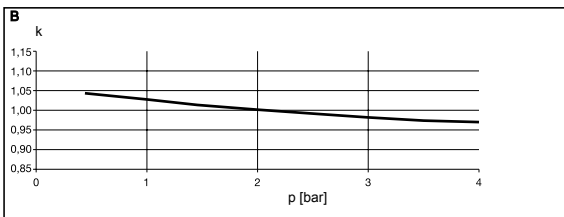

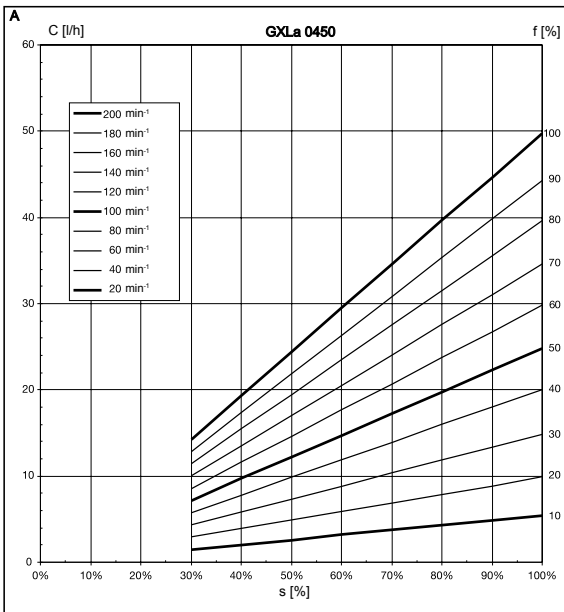

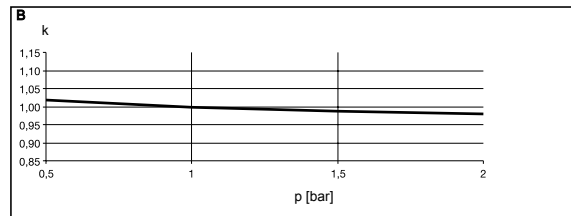

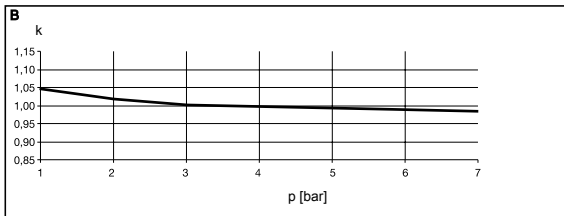

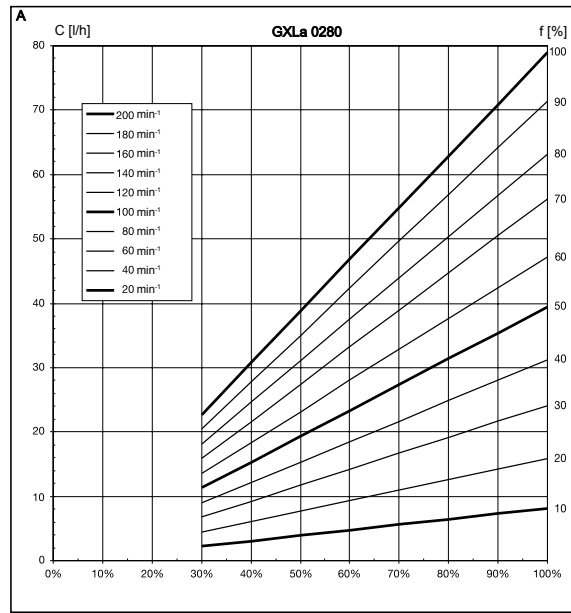

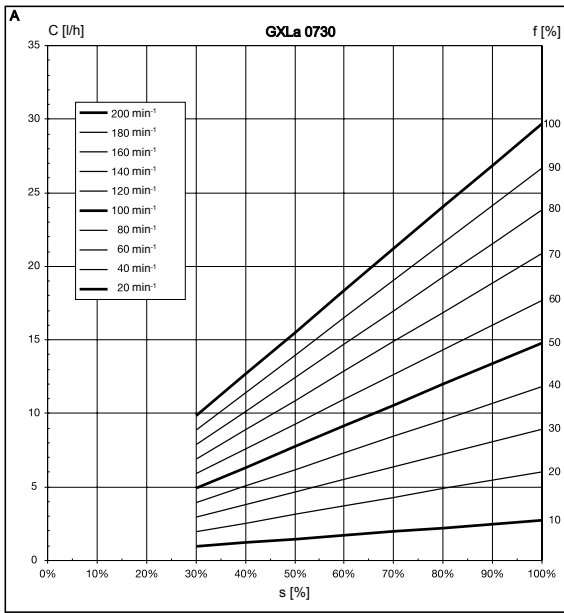

Fig. 2: A) Capacity C at maximum back pressure depending on the stroke length s for different stroke rates f . - B) Corresponding correction factors k dependent on back pressure p - at 70 % stroke length, "Automatic"- "Off" and "Compensation"- "Off".
